### ***EMPLOYMENT OPPORTUNITY*** ***Physician Assistant***

#### General Description

Primary focus of the position is to provide day-to-day patient care, including performing routine examinations, office procedures, and providing assistance with surgeries, such as Robotic Surgeries

#### Essential Functions of the Job

- Order and interpret routine laboratory, radiological, and diagnostic studies
- Assess patients and write appropriate notes for physician review, write prescriptions, field calls (including some evening calls) and manage the care of assigned patients.
- Understand and effectively apply and follow established hospital and practice standards and guidelines.
- Have knowledge of the intent, content, and application of local, state, and federal employee health standards
- Ability to work effectively under pressure and to use discretion with confidential data
- Ability to convey information effectively in verbal and written communication, with the ability to use EMR at an acceptable level of proficiency
- Perform other duties as assigned by manager

#### Experience/Background/Requirements

- Must be certified or eligible for certification
- We provide training, if needed, to be a robotic surgery assistant
- Keyboarding and data inputting
- Basic knowledge of EMR and medical terminology is strongly preferred

#### Benefits and Salary

- ❖ Up to \$85,000 starting salary, with potential earning of \$125,000 plus
- ❖ Full benefit package including healthcare and 401K

#### How to Apply

Submit your resume with cover letter and salary requirements to:
